## RADICAL RITUALS

### AT CAP BEAUTY WE LIVE BY THE MOTTO THAT BEAUTY IS WELLNESS.

And Wellness is Beauty. This applies to all aspects of our lives. From the books we read, to the foods we eat, to the homes we make, the friendships we nurture, and the thoughts we play on repeat, beauty is all around. It stems from every choice we make. Embracing a life of conscious decisions, of true self-care and thoughtfulness, connects you to beauty in a deep and meaningful way, one that transcends the physical. When we connect, we radiate. This is High Vibrational Beauty.

When we conceived of CAP Beauty, we envisioned a space to share this new beauty paradigm, a clubhouse where wellness rules and everyone's invited. Hailing from the worlds of style, design and magazines, we never considered ourselves beauty insiders. And to this day, we focus as much on the lifestyle of natural beauty as we do on the products themselves. Don't get us wrong; we love an exquisite hydrosol, a powerful serum and a perfect lipstick. But without ritual and true self-care, a great product can only go so far. Step inside our world where beauty meets beauty.

Our comprehensive approach engages all of our senses. You might be surprised to see so many recipes in a book about beauty. But for us, what we put in our bodies is as central to our beauty as what we put on our bodies. And conversely, the products we use topically contribute to our inner health. This 360° approach means we consider our food choices as much as our skin care. We have a longstanding love for

## SLEEP TIGHT TONIC

Set the stage for a good night's sleep with the magic of adaptogenic herbs. Ashwaganda may be India's favorite cure-all but it also does wonders for the stressors of the Western world. Our favorite evening tonics always include this powerfully calming, anti-inflammatory and stress modulating root. The addition of a healthy fat from Coconut Butter helps to slow down its release for a goodnight, sleep tight adieu to the day.

½ teaspoon  
ashwaganda root  
powder

½ teaspoon  
ground cinnamon

½ teaspoon  
ground  
cardamom

Big spoonful  
coconut butter

Big spoonful  
turmericals

Splash of nut,  
seed, or coconut  
milk

1 teaspoon of  
lucuma or raw
